

Holiday
Timetable and
Memory Book
2020

This
is
optional.

Thursday 2nd April

Learning Task: During the holidays many of you may be looking for ideas to entertain and satisfy your curious natures. Many of you may still want to keep a routine so you don't get bored or miss your friends too much. You are going to create a 2 week x 5 day time-table for holiday. After reading through the activities on the following slides, insert the activity name into the cells - you may have other ideas to include.

Resources: laptop Holiday Memory Book Google Slides, [timetable template](#)

Time Frame: this will depend on you...how many activities you can realistically complete in two weeks?

How will I share my learning:

Go to the Holiday Folder in your class google drive

Create a folder eg: Hannah's Holiday

Make a copy of the timetable template and a copy of the Holiday Timetable Memory Book Google Slides and move them to your own Holiday folder.

Cool Tech Tools

[Text to Speech](#).....this amazing tool allow you to listen to the text, whilst at the same time reading the text. You can change the voice, speed and pitch. There is an option to highlight the text.

[Speech to Text](#)...use this incredible tool to say your sentences aloud...and watch it type what you say. Speak slowly and carefully. You may need to edit...you will get better the more you practise.

Miss Hannah's Example:

I have chosen 4 activities I would like to do in Week 1 and 2 exercises to try out..I LOVE JUMP JAM. I have included freetime as well as time to do my house jobs. *I copied and pasted the links to my timetable.*

	Monday	Tuesday	Wednesday	Thursday	Friday
Morning	<u>3 Easy Card Tricks</u>	<u>Stop Motion Animation Tutorial on a ipad</u> Make an animation	Chill day	<u>Growing things inside</u>	<u>Artsology</u>
Break	<u>PE with Joe</u>	<u>PE with Joe</u>	<u>PE with Joe</u>	<u>PE with Joe</u>	<u>PE with Joe</u>
Afternoon	House chores and cooking	House chores and cooking	House chores and cooking	House chores and cooking	House chores and cooking
Break	<u>Jump Jam Dance Moves</u>	<u>Jump Jam Dance Moves</u>	<u>Jump Jam Dance Moves</u>	<u>Jump Jam Dance Moves</u>	<u>Jump Jam Dance Moves</u>

Complete for Week 1 & 2...ADD in...

Title

Days of the week

Morning
Break
Afternoon

Copy and Paste links

Add in chillout time, chores, friend catch up

Right click to add rows/columns etc

Holiday Memory Book (optional)

In years to come, we will still be talking about the Coronavirus...just like we talk about other things that have happened in the past.

What if you could look back in 10 or 20 years to see what you did over this two week holiday break? How would you feel? What memories would you have? What would you wish you'd done more of?

You have the option to create a holiday Memory Book which you can share with your family, friends and teachers. It is something that you can keep forever.

Create Your Holiday Memory Book - optional

Create your own
Google Slide

Save it into your
Holiday Folder

Add...

- 1 Title page
- 10-15 Slides

Think 1 slide per
activity

Take a photo or video of your
creation...

Make a video of you teaching
someone how to make the
activity...

Insert audio...you choose

Upload onto your slide

Add any weblinks you use

Add a subheading.

Write a short caption to
explain:

- why you chose the
activity
- how you felt
- why you loved this
activity
- what you learnt
- anything else you
want to add

Tip: add all your content FIRST then think about backgrounds, colours and fonts as you finish each slide

Suggested Activities

- To follow are a selection of websites to spark your curiosity...you can also find your own ideas
- Remember to speak to your parents about any resources you need...**days in advance**...this will avoid stress and arguments
- You are responsible for tidying up any mess you make

Get your heart beating

[PE with Joe](#) - 30 minute exercise sessions with the incredible Joe Wicks

[Jump Jam Dance Moves](#) - can you learn these upbeat dance moves?

[Avengers Tabata](#) - Check out more of these exercises on youtube

Mathematical Minds

[The Maths Factor](#) lots of lesson, activities and games to explore
