

Iron-On Name Stickers

Make sure your Children's clothing is well labeled.
The specially designed Iron-On Name Stickers allow you to mark your children's clothes with style.

Description:

These Iron-On-Name Stickers of outstanding quality and design withstand the washing machine and tumbler without any problems. Iron-On-Name Stickers can be easily applied with an iron in 20 seconds, and can be machine washed up to 60 degrees. High quality and extremely thin, this Iron-On Name Sticker adopts itself easily to every part of the cloth and is very gentle to the skin of our child.

These Iron-On Name Stickers fit perfectly on clothes, socks, gloves, scarfs, towels as well as any other materials. (Please see more detail on the handling instructions)

Handling instructions:

1. Heat your iron up to 160° C
2. Make sure the location you like to place the Iron-On-Name Sticker is clean and flat. It is a good idea to iron the spot before applying the sticker.
3. Place the sticker on the spot you ironed.
4. Simply put the iron on the sticker for 20 seconds without moving.
5. Take the iron off and its done.

Tips and tricks:

- To protect your clothes from burning, use a parchment paper between the sticker and the iron when pressing for 20sec.
- For synthetic material such as a sports bag or school bag, you must use a parchment paper in order to avoid the material from melting.

Notes:

- If the sticker does not stick properly to the cloth it can be because:
 - the iron is not at 160° C
 - the iron has not been applied for 20sec.
- If applying the iron longer than 20sec sticker can melt and burn the clothes.
