

ASIA CONFERENCE NEWS

January 2023 - Issue 1
#aseconfasia2023

Register Your Team Now!

Registrations are being received daily, it's great to see so many schools taking advantage of the Philip Harris Technician Strand and enrolling their whole team. Places are strictly limited to 30 people for this programme so don't miss out.

Here is the link in case you have a colleague keen to register.

Invoices will be issued AFTER the closing date. Thanks for your patience with this - it's much easier to do in one large batch.

 PHILIP
HARRIS

"Excellence in Science Learning for All"

Meet our Keynote Speaker

Professor **Christine Harrison** taught science in secondary schools for 13 years before joining King's College London to run the Biology PGCE ITE course in 1993. She moved on to coordinate the 3 PGCE ITE science courses for Biology, Physics and Chemistry and built in integration and research-informed practice as well as continuing to champion the importance of disciplinary knowledge and strengthen practical work skills and competencies.

She is known for her talent at bridging the divide between science education research and practice and is a popular speaker at both research and professional education conferences.
