

# ASIA CONFERENCE NEWS

Issue 4

#aseconfasia2023

126 Delegates from 41  
International Schools and 10  
nations... and counting!

WOW!

*"Excellence in Science Learning for All"*

## Supporting the Development of IBDP SEHS

Did you know that the ASE Asia Conference has a dedicated stream for IB Diploma Sports Exercise Health Science Teachers? The newest of the Group 4 Sciences, this subject includes (Human) Biology, Physics (Biomechanics) and aspects of Chemistry (Nutritional Science). During our conference we are pleased to have the following exciting options for the SEHS Teachers among you:

- Interactive Labs for SEHS
- Big Data and SEHS IA Roundtable Discussion
- Biological Dissections - Brain, Heart and Lungs

IBDP SEHS is offered at SL and HL but believe it or not there are no published HL resources, so this Conference aims to help fill that gap!

## Apps to Download Before Your Arrive in Thailand

**GRAB** - Thai equivalent of Uber, you can get a taxi or order in food with ease.

**XE** - Currency exchange App that will have you working with Thai Baht with ease.
