"Excellence in Science Learning for All"

ASE Membership and the ASE Chartered Science Teacher Programme (CSciTeach)

During our closing address at the Conference we are thrilled to have Lynn Ladbrook from the ASE joining us virtually. Lynn will be sharing with us the benefits to both you as a practitioner and to your school of ASE membership. She will also be sharing exciting news about the ASE Chartered Science Teacher programme. This exciting professional learning opportunity is bespoke CPD and offers an ongoing community of practice.

Getting to Patana...

Our closest BTS Station is Bearing, however Bangna is also pretty close. Its then a 5 - 10min taxi ride or 25min walk to Patana.

Parking is available at Patana at our Sports Complex, traffic can be heavy on La Salle Rd during morning drop-off so allow plenty of time.

MARCH 17TH, 2023
