

“SOLVING THE MATHS PROBLEM!”

**FRIDAY
13 SEPT
2024
9AM-3PM**

THE EFFECTIVE TEACHING OF PROBLEM-SOLVING IN PRIMARY MATHS

www.thebusylizzie.co.uk

www.andrewjeffrey.co.uk

Venue: Bangkok Patana School, Bang Na Tai, Bang Na, Bangkok 10260

Join international experts Liz Gibbs and Andrew Jeffrey for a full day of Primary Professional Learning on the theme of supporting pupils with reasoning and problem-solving. Teachers often say that this is the hardest aspect of maths to get right. On this course you will have a chance to work with two highly engaging and experienced primary maths trainers and consultants from the UK, with decades of experience working with schools all round the world.

You will discover:

- ✓ **Engaging Ways to Build Confidence**
- ✓ **The Four Key Principles of Problem-Solving**
- ✓ **The Top Six Reasoning and Problem-Solving Strategies - and how to teach them**
- ✓ **Brand new resources to support the teaching of reasoning and problem-solving in your school**
