Atomic Science in the Primary School

A Workshop for Parents
January 28th 2025
Primary Hall - 8:00 am -9:00 am

Dear Parents,

We are delighted to welcome Ruben Meerman back to Bangkok Patana School. He will be helping us review and refine the science curriculum, looking at where and how Atomic Theory learning fits discreetly and within the learning we currently provide for our children. He will be providing specific training to our Year Group Leaders of Curriculum on scientific concepts that they are developing in the Science Curriculum as well as providing assemblies for the children and a parent workshop.

Ruben Meerman will lead this workshop and explore:

- Atomic Science in the Primary school.
- How atomic theory is incorporated into our Science curriculum.
- The connections to, and importance of, Health Literacy in the curriculum.

We look forward to welcoming you on Tuesday **28th January 2025** for this workshop.

Please complete the Google Form below to indicate your attendance at this workshop: [RSVP HERE](#)

Yours sincerely,

Mark Verde
Vice Principal, Learning and Curriculum
