## Social Media

1. Friend or follow them
2. Know who your child is talking to online
3. Set rules and agree boundaries
4. Make sure that the content is age-appropriate – common sense media
5. Use parental controls to filter, restrict, monitor or report content
6. Check they know how to use privacy settings and reporting tools

# KS3 Physical Education

- The Physical Education Faculty's aim is for all students to **engage in physical activities and develop a healthy lifestyle**. Students are given opportunities to continue to develop and learn a wide range of skills.
- Year 7 will be taught in **mixed ability/gender groups**.
- Years 8/9 will be taught in **single sex and set by ability**.

# KS3 Physical Education

- National Curriculum levels will no longer be used to assess progress.
- Students will continue to receive feedback on their physical attributes but in addition, will also focus on the development of **thinking and communication skills**.
- These new strands can be found on firefly and progress will be discussed at parents' consultation evenings.
- Please ensure students have correct PE kit and leave any valuables in their lockers prior to attending their lesson.

The screenshot shows a website interface with a dark blue header. On the left, there are two small icons: a stylized 'E' and a lightbulb. The navigation menu includes 'Home', 'Parents', 'Community', 'Cross Campus', 'Primary', and 'Secondary'. The 'Home' link is highlighted. Below the navigation, the user is greeted with 'Welcome, Jack Vance (Parent)'. A section titled 'ECA Sign-up' features a thumbs-up icon and a blue button labeled 'ECA - Extra Curricular Activities'. Below this, there are six icons representing different services: an alarm clock for 'Daily Life at Patana', an information 'i' icon for 'Information for Parents', an open book for 'Student Learning', three interlocking gears for 'Student Services', a family silhouette for 'Your Family Information', and a handshake for 'New Parent Induction'. At the bottom, there are two article teasers: 'An Introduction on how to navigate the Parents' Gateway' and 'Subscribing to the School Calendar on a L...'. The browser's address bar at the very bottom shows the URL 'Parents Gateway Introduction'.

## Please note:

\*You must be signed in with your Bangkok Patana School account to view the below document.

\*A “Key Assessment” is an assessment (test, essay, etc.) given to all students in a subject at about the same time. The specific assessment is usually the same for all students, but this is not the case in some subjects (e.g. Maths). “Key Assessment” data is an important component of the process of determining attainment report grades.

\*Please be aware that this Key Assessments document is intended as a guide to each Term’s Key Assessments across all KS3 subjects.

\*Please consider this document as “live”. It is **not** recommended that you print it out as a reference. It is very likely that adjustments to this document will be necessary during the year for different subjects. Assessment dates sometimes need to be moved to ensure all students have completed the material that will be assessed. Check back often!

\*If you have any further queries about specific assessments, please contact the subject teacher for your child.

# Learning to Learn

This is a course that is designed to teach you the skills you need to be successful in school and beyond.

**Why?**

<https://www.youtube.com/watch?v=QpEFjWbXog0>

# Skills

- Team work
- Critical thinking
- Debate
- Presenting
- Communication
- Reflection

<https://www.weforum.org/agenda/2017/04/forget-coding-we-need-to-teach-our-kids-how-to-dream/>

# Values

- Collaborative and confident communicators
- Critical and reflective thinkers
- Rigorous, inquisitive and creative
- Passionate, resourceful and resilient
- Ethical and informed

## **Curiosity**

If there is one attribute that we are born with and yet dies as we mature, then it's our innate human thirst to know more.

## **Relationships**

The current environment where text messaging replaces phone calls, where emails replace meetings, where a generation stare nonchalantly and lonelily into phones needs to be curtailed by a focus on relationships. We need to learn how to listen, how to converse again.

## **Empathy**

We need to know what it's like to be different, how to relate to each other, and how to exceed the expectations, hopes and ambitions of others.

## **Creativity**

Each and every one of us is born curious and creative. Schooling, friends, and "proper jobs" somewhat dilutes that.

## **Agility**

It's not beyond the realms of imagination that even a 25 year old today may have 30 different jobs in several different careers in their life.
